authority for this? The G O of 13th Nov/12 does not sanction any free supply, but only says that Govt may sanction the charges for excess water as a supplemental grant or as a contribution in the case of a charitable institution. In the case of Govt institutions the Water Supply Depts debit the excess water charges to the Depts concerned thro' the Civil Exchange Accounts.

Sir

In reply to your

No 479 7th March 1913

I have the honor to submit

that the present building

was a private property

when it was occupied by the

Widows Home, in 1902

and I was paying a monthly

rent of Rs 20 and on that

rental value the Consumption

th of water was calculated
and the excess consumption
was charged for, which I paid

Two years later - viz in Aug 1910
the building was purchased by
God and handed over to the
Brethren Home Since then
I applied to the Municipality
more than once to treat the
Brethren Home as a Charitable
Educational Institution
and to exempt it from paying
for the excess Consumption of
Water But when pressed for
payment - on being threatened
with the cutting off of water Supply
to the Premises I have paid
the same under protest
to the extent of Rs 71-..-
and declined to meet further demands

Sometime back there was
a Gazette Notification to pay
Taxes. Such applications should
be made through the Heads
of the Departments upon this
I applied to you formally
for the exemption Some
Time ago. I learnt that the
Maharajas College Hostel
the Town School Students' Home
and the Mahomedan Students'
Boarding House are allowed
12½ gallons per head free
and any excess consumption
over & above is charged
I now pray that the Govt
may be moved to grant
a similar concession
to the Hindu Home

the institution is growing daily having on its rolls 29 inmates & 25 day Scholars with cooks and other menial Servants in addition and when I made the application to you, I calculated upon 50 inmates to be taken into Consideration to allow the Home 12½ gallons per head. And I now request you will return the Conveyance to the Widows Home, at that rate

On being threatened with the Shutting off of water to the Widows Home premises if I did not pay for the excess Consumption, I wrote to the Executive Engineer, Water Supply Division to inform him that I had applied to you to treat the Widows Home, as a Charitable Education Institution

And that I would abide
by the decision of Govt
he has sent me a reply
which I enclose herewith
for your information

The institution can ill afford
to pay the situation being thus
I request you will kindly
expedite the decision of Govt
to help the institution
